

FELIPE OTÁLVARO AGUDELO

Data Analyst — Reporting & Visualization

Medellín, Colombia (Remote) | +57 300 350 6802 | felipeotalvaroagudelo@gmail.com | [LinkedIn](#)
| Independent W8-BEN contractor — no visa sponsorship or U.S. payroll tax withholding required

PROFESSIONAL SUMMARY

Data Analyst with 3+ years of experience designing Power BI dashboards and automated reporting solutions for Medicare and insurance operations. Skilled in DAX, dimensional data modeling (star schema), Python (pandas) for ETL and automation, and SQL databases (PostgreSQL, working knowledge of Azure SQL). Proven track record of translating business requirements into decision-ready dashboards and documenting data models and logic for clean handoff to technical and non-technical stakeholders alike.

TECHNICAL SKILLS

Reporting & Analytics: Power BI (DAX, Data Modeling, Report Publishing), Dashboard Development, Data Visualization, Tableau, Excel (Power Query, Pivot Tables, Macros)

Data Engineering & Databases: Python (pandas, ETL, API Ingestion), Databricks Notebooks, PostgreSQL (CTEs, Window Functions, Materialized Views, Indexing, Query Optimization), Azure SQL (working knowledge)

Data Modeling & Warehousing: Dimensional Modeling, Star Schema Design, Data Warehouse Concepts

Data Governance & Quality: Data Quality Management, Documentation, Data Consistency, Financial/Commission Auditing

Collaboration & Communication: Stakeholder Management, Business Requirements Gathering, Technical Communication, Cross-functional Collaboration

PROFESSIONAL EXPERIENCE

Exact Medicare — Columbus, OH (Remote)

Aug 2023 – Present

Data Analyst

- Designed and maintained 30 enterprise Power BI dashboards (DAX, data modeling) across 10 workspaces, serving up to 100 users across 8 departments — sales, commissions, finance, auditing, contracting, HR, compliance, and technology.
- Led migration of company reporting from manual Excel workflows to fully automated, real-time pipelines covering ingestion, cleaning, transformation, and dashboard refresh, eliminating recurring manual reporting cycles.
- Built and optimized PostgreSQL views, materialized views, and stored procedures using CTEs, window functions, and indexing; applied dimensional modeling (star schema) principles to support scalable, reliable reporting structures.
- Built Python and Databricks ETL pipelines integrating API sources, raw carrier commission files, and CRM data into a unified analytics layer spanning hundreds of thousands of Medicare policies.
- Owned commission and financial audits covering an estimated \$10M+ in annual carrier payments, validating advances, adjustments, and chargebacks at carrier and agent levels; produced subsidiary cost allocation reports for Finance.
- Partnered with cross-functional stakeholders to scope requirements and translate them into reporting specifications; documented data models, SQL logic, and reporting workflows to ensure auditability and clean team handoff.

Unified Benefits — Draper, UT (Remote)

Sep 2022 – Aug 2023

Administrative Assistant

- Reconciled commission and payroll data — policy advances, backend payments, chargebacks, and manager overrides — into accurate agent-level payout totals using advanced Excel tracking and validation workflows.
- Maintained and audited policy and compensation datasets in Podio CRM, validating eligibility and licensing status against CMS and carrier guidelines to prevent commission payment lapses.

Solvo S.A.S. (TravelPass Group) — Medellín, Colombia

Jan 2022 – Sep 2022

Teaching Assistant, promoted from Travel Sales Agent

- Promoted after exceeding sales performance metrics; led onboarding, live-call training, and KPI coaching for biweekly cohorts of approximately 15 remote sales agents, monitoring QA scores and compliance standards.

EDUCATION

EAN University, Bogotá, Colombia — B.A. in Modern Languages, Concentration in Organizational Communication (Expected Jun 2027)

EAFIT University, Medellín, Colombia — Coursework toward B.S. in Engineering Physics (2019–2021)

CERTIFICATIONS & LANGUAGES

IBM Data Engineering (Coursera); Big Data Studies (EAN University); Harnessing the Power of Data with Power BI; Preparing Data for Analysis with Microsoft Excel

Languages: Fluent in English and Spanish. Conversational proficiency in German and Portuguese.
